This scale can be used in hospital , schools . medical centers, gymnasium and so on

Functions

measure height and weight ,Blood pressure and fat
Synchronously voice report
Display the temperature
RS-232 or Bluetooth output
Digital display measurement results
Thermal printing and automatic cutter

Major Technical Date

Height measurement range: 100-200CM
Minimum division 0.5cm
Self Height: 237cm
Working voltage: AC100-240v 50/60HZ
Weight measurement rang:8-200kg
Minimum division: 0.1kg
Self N.W. 50kgs
Blood pressure:0-39.9Kpa
Pulse:40-180 times/min
