

## Barcode Label Printing Scale LP-AM

### Features &Function:

- Big storage capacity:10000 PLUs data storage capacity, plus extra storage option.
- Powerful data processing: 112\*2 PLU Hot-Key,programmed and printer inPC
- Various special selling modes: Discount in percentage or coupon, Additional charge in percentage or other extra charge, Change price anytime etc.
- Different type of selling:Weighing,Default price,Default price and weight selling
- Powerful network communication: program setting, multiple-machine networking, back-office management via either RS-232 or TCP/IP
- Easy programming: PLUs database, system parameters, Hot-keys, 8 letter string,255 | explanations to be edited in PC or directly in price scale.
- Convenient label barcode formatting:label barcode and printing setting to be customized

### Key parameters:

Parameter	Specification	
Precision	1/3000	
Weighing Scope	0~6 Kg~15Kg or 0~12 Kg~30Kg	
Weighing Resolution	2/5g or 5/10g	
Display	Double-faced, 2*26 (5/5/8/8) digits LED	
Keyboard	112*2 Hot-Key, 32 Control Key	
Storage capacity	10000 PLUs	
Communication Ports	1 x RS232, 1x TCP/IP	
Power supply	In: 190 VAC264 VAC Out: 24V/ 3A	
Label Printer	Type	Thermal print
	Speed	60 ~ 70 mm/sec
	Paper(default)	58 *37mm
Dimension	420*455*190mm(pole:480mm)	
Temperature	Storage	-10~50°C
	Operating	0~40°C
Humidity	≤ 90%
