

Portable Digital Crane Scale OCS-XZ-BSE

kN
lb kg
Selectable

Built-in beeper

AA battery
18650 lithium battery

M
High precision

Capacity(:mm)

Max Capacity	Division	Weight
50kg	0.02/0.01kg	1kg
100kg	0.05/0.02kg	1kg
150kg	0.05/0.02kg	1kg
200kg	0.1kg/0.05kg	1kg
300kg	0.1/0.05kg	1kg

Noted: The optional division is only for reference but not for verification

Feature:

High Strength plastic housing with pleasant appearance

Superior alloy steel load cells with good performance of stability and durability

Low power consumption. High brightness , 5 digit LED display

Powered by 3pcs AA batteries or a piece of rechargeable 18650 lithium battery

Optional function including Unit switch , Hold , Division convert and Peak hold etc

Technical Parameter:

Accuracy : OIMLR76 C3

Maximum Safe Load :150%F.S.

Overload Alarm :100% F.S.+9e

Time to Stable Reading \leq 8s

Limited Overload : 400% F.S.

Operating Temperature : -10°C -+55°C
