

Two Relay Output Weighing Indicator XK315AGB-5T

Application:

Electronic platform scale and weighing scale, etc.

Feature

- 20 hours of full charge battery operation
- Drive up to 4x350Ω or 8x700Ω load cells
- Manual/Automatic accumulation
- Programmable zero tracking
- Programmable digital filter
- Selectable kg and lb
- RS232 serial interface
- Accuracy can be increased ten times
- Hold function
- Animal weighing
- Counting function
- Connect with Mini-printer
- Stainless steel housing
- 6-digital 20.2mm green LED
- Dimensions:265*162*58mm
- Weight:2.2kg
- Inside battery:6V2.8AH

Optional:

- RS485 serial interface
- Two/four set point function
- 4-20mA analog current output function
- Mechanical Scale
- Bluetooth, Wifi , USB, Relay output
