

Price Computing Weighing Indicator XK3190-A15

Price-computing, counting function

Fast speed, high precision

Applied in platform scale, mechanic-electronic scale, weighing system with 1-6 load cells

Feature

A/D readability 1/30000 and min counting precision 1/10000

Use inner code to replace weight observing and analysis tolerance

Zero-tracking range, Zero range (auto/manual) and zero speed setup

Accumulation result display

Price-computing or counting function selectable

Direct input the unit weight and quantity-weight calculation, counting precision auto correction

Indicate the battery volume or state, low battery alarm and auto power off protection

Parameters

Model	A15	A15E
Input signal range	-2mV~13mV	
Input sensitivity	$\geq 1V/e$	
Load cell Excitation	Dc 5V	
Max. load cell connection	6 at 350 ohm	
Display	21bits LCD, 10 status indications	18 bits LED, 10 status indication
Optional interface	RS232C serial communication	
Transmission distance	RS232C ≤ 30 meters	
Power supply	AC 187-242V 49-51Hz, DC 6V 4AH
